Exaggeration

# **University of Missouri Agricultural Experiment Station**

**Certificate No. 75      Columbia, Mo., Oct. 17, 1922**

## **CERTIFICATE OF NURSERY INSPECTION**

This is to certify that in accordance with the Nursery Inspection Act, enacted by the Forty-Seventh General Assembly and approved March 27, 1913, the Nursery Stock of H. W. JENKINS NURSERY, grown at Boonville, Cooper County, Missouri, was inspected on September, 7, 1922, by a duly authorized inspector and found apparently free from dangerously injurious insects or plant diseases. Valid until July 1, 1923 unless sooner revoked.

L. HASEMAN,  
Entomologist and Chief Inspector.

## **FOREWORD TO MY READERS**

You can neither eat or plant high colored plates and pictures. Useless brag and blow won't go far if the plants themselves do not back up the claims made for them. So I am just presenting you a plain simple Price List that tells you what I have to offer for sale on the guarantee that they will be found to be good plants in live condition when delivered. If you are not satisfied repack and return your order and your money will be refunded. MY WORD IS GOOD. Can I have your orders on these terms?

**H. W. JENKINS, Boonville, Mo.**

---

## **TERMS**

Cash before shipment or good bank reference. Should any errors occur in filling orders, on proof of same will replace free. My responsibility ends when plants are accepted. I am not to be responsible for any failures over which I have no control and in no case liable for greater sum than was originally paid for said plants.

---

## **STRAWBERRIES**

The list of varieties is short but contains the ones that produce the berries. Varieties marked (P) are pistillate or female plants. They require staminate to be planted near to pollinize the bloom. At least one-third of each bed should be planted with staminate. All plants offered are from new beds that never have fruited.

## Description of Spring Varieties as I Find Them

	Price per	25	100
<b>WARFIELD (P)</b> —Plant medium sized, a fast grower that produces lots of new plants; is very productive of medium sized berries, smooth conical dark red berries of fine flavor. Ripens early and picks a long time -----		.30	\$1.00
<b>HAVERLAND (P)</b> —Plant stocky and healthy but requires good soil and good care; is wonderfully productive. Sets so many berries the fruit stalks cannot hold them up off the ground. For this reason in wet seasons it rots badly. Berries are long pointed well colored and smooth—a fine all-round variety that requires good care. It won't stand abuse -----		.30	1.00
<b>SENATOR DUNLAP (S)</b> —A strong vigorous grower; makes lots of plants and will stand more drought and hard knocks than any other variety. Is a strong staminate and a good fertilizer; is very productive of large, well-shaped, highly colored berries. A very popular variety; sell more plants of Dunlap than any other two varieties combined -----		.30	1.00
<b>AROMA (S)</b> —Plant stocky and healthy—a fine plant. Berries are large, smooth and conical in shape, well colored and ripen late. This is the great shipping berry of south Missouri. With me only moderately productive. Have only a few plants for sale -----		.30	1.00
<b>GANDY (S)</b> —Plant healthy and vigorous grower; makes lots of plants but not as well rooted as some others; has large strong fruit stalks that hold the berries up off the ground. Berries are large, firm and, when fully ripe, highly colored. They are of most excellent flavor and one of the handsomest berries grown. Only moderately productive—it's only weak point. Ripens late, after others are gone -----		.30	1.00
Note:—All strawberries tied in bunches of 25. Won't break bunches. All plants packed in moss.			

## FALL OR EVERBEARERS

NO PLANTS FOR SALE THIS SPRING. In some way that I cannot explain found the past summer that my bed of Progressives are mixed with Dunlap. Plants must be true to label or they DON'T GO.

## RASPBERRIES

The raspberry follows the strawberry in close succession in ripening and is a berry of high quality.

<b>CUMBERLAND</b> —This was called the "Business Black Cap" by the Introducer and makes good the claims made for it. Good tip plants, price -----	.75	2.50
<b>ST. REGIS</b> —A red variety which is hardy and productive of medium sized berries. Sold as an ever-bearing variety; with me the second crop is of little value. Sucker plants, price -----	1.00	2.50

## BLACKBERRIES

	Price per	25	100
<b>SNYDER</b> —Canes are hardly ever winter killed. Not much affected by red rust. Is productive of medium sized berries. Price-----		1.00	3.00
<b>EARLY HARVEST</b> —Canes are small and bunchy, hardy and very productive of medium sized berries. Always ripe at wheat harvest -----		1.00	3.00
<b>ELDORADO</b> —Berries large—no hard core—and are easily picked. Not as productive as Snyder or Early Harvest, but size and quality make them more than good. Best all-round berry I ever had -----		1.25	4.00

## GOOSEBERRIES

	Price 2 year plants	Each	10
<b>DOWNING</b> —A stocky growing variety moderately productive of large berries. Price -----		.25	2.00
<b>HOUGHTON</b> —A fast vigorous growing variety, very productive; seldom fails to produce a crop. Medium sized berries -----		.25	2.00

## CURRANTS

The finest of all berries for jellies and also make excellent pies when green.

<b>WILDER</b> —A fine vigorous grower; a large red variety. Price, 2 years -----	.25	2.00
<b>PERFECTION</b> —Claimed to be the largest and best red variety grown. Price per 2 year -----	.30	2.50

## GARDEN ROOTS

A bed of asparagus and rhubarb will furnish your table with appetizing dishes of food early in the spring before the berries ripen.

<b>LINNEUS</b> —Rhubarb, 2 year roots. Price per 2 year--	.15	1.25
	Price per	25 100
<b>CONOVER'S</b> —Asparagus, 2 year roots. Price-----	.50	1.50

## GRAPE VINES

We are making a speciality on Grape Vines grown from cuttings taken from our own vineyard. Vines were dug with a tractor and tree digger so are taken up with practically all the roots. They are graded into three grades, No. 1 and 2 and 3. Advise planting the one year vines. They handle and grow off better.

Note:—Have won First Premium on best collection of grapes at Missouri State Fair three years in succession, 1920, 1921 and 1922.

<b>MOORE'S EARLY</b> —A large black grape; canes hardy and moderately productive. Ripens ten days ahead of the Concord	Price Each	10	100
Price per 2 year No. 1 -----	.20	1.50	
Price per 1 year No. 1 -----	.15	1.25	
Price per 1 year No. 2 -----	.15	1.25	
Price per 1 year No. 3 -----	.10	.50	
<b>WORDEN</b> —A vigorous growing vine, very productive of large well shouldered bunches of most excellent flavor. Ripens ahead of the Concord. Is one of the finest and best black grapes grown.			
Price per 2 year No. 1 -----	.20	1.50	10.00
Price per 1 year No. 1 -----	.15	1.25	8.00
Price per 1 year No. 2 -----	.15	1.00	6.00
Price per 1 year No. 3 -----	.10	.50	4.00

**BRIGHTON**—A fast grower; moderately productive of large bunches. The sweetest and best red table grape grown.

	Price Each	10	100
Price per 2 year No. 1 -----	.15	1.25	
Price per 1 year No. 1 -----	.15	1.25	10.00
Price per 1 year No. 2 -----	.15	1.00	8.00
Price per 1 year No. 3 -----	.10	.50	4.00

**GOETHE**—A rampant grower; moderately productive of large wine colored grapes that ripen after others are gone. Fine flavor.

Price per 2 year No. 1 -----	.15	1.25	10.00
Price per 1 year No. 1 -----	.15	1.25	8.00
Price per 1 year No. 2 -----	.10	1.00	6.00
Price per 1 year No. 3 -----	.10	.50	4.00

**NIAGRA**—A vigorous grower, productive of large bunches of cream colored grapes. The best white variety.

Price per 1 year No. 1 -----	.20	1.50	10.00
Price per 1 year No. 2 -----	.15	1.25	8.00
Price per 1 year No. 3 -----	.10	.50	4.00

**CONCORD**—This is the old reliable black so well known that it needs no description. More Concord vines are sold and planted than all others combined.

Price per 2 year No. 1 -----	.15	1.25	10.00
Price per 1 year No. 1 -----	.15	1.25	8.00
Price per 1 year No. 2 -----	.10	1.00	6.00
Price per 1 year No. 3 -----	.10	.50	3.00

**CAMPBELL EARLY**—A large black variety that produces very large compact bunches. Ripens with Moore's Early.

Price per 1 year No. 1 -----	.15	1.25	
Price per 1 year No. 2 -----	.10	.75	

**CATAWBA**—A late red grape. Famous for the wine it makes.

Price per 1 year No. 2 -----	.15	1.25	
Price per 1 year No. 3 -----	.15	1.00	

**SPECIAL OFFER ON GRAPES**—Not over 50 per cent to be Concord. your selection.

50 vines, 2 year No. 1 -----	\$4.00
50 vines, 1 year No. 1 -----	3.50
50 vines, 1 year No. 2 -----	3.00
50 vines, 1 year No. 3 -----	2.00

## ROSES

"The Queen of flowers." The roses offered were grown in California near Los Angeles. They are desert climate field grown plants on their own roots (not budded) and are vigorous plants that will bloom this year. The very best plants that you can buy. Try them and see. Price (except as noted) -----

Price Each	10
.60	5.00

**MME. CAROLINE TSETOUT (H. T.)**—Clear, bright satiny pink. A free bloomer. The rose that made Portland, Oregon famous as the Rose City.

**BETTY (H. T.)**—Exquisite color, being copper over-spread with a beautiful golden yellow. Flowers very fragrant and large size. A strong vigorous growing bush. (A native of Ireland).

- FRAU KARL DRUSCH (H. P.)**—A vigorous grower, long pointed buds; pure snow white, blooms large. One of the largest and best white roses.
- HUGH DICKSON (H. T.)**—Intense crimson shaded scarlet. Large and magnificent; very fragrant.
- KILLARNEY DOUBLE WHITE (H. T.)**—A pure white sport from White Killarney but much larger buds and petals. A fine rose.
- GEN. McARTHUR (H. T.)**—A bright, scarlet red rose. A fine bloomer and very fragrant.
- SUNBURST (H. T.)**—Deep yellow with orange yellow center. Large, full and beautiful.
- LA FRANCE (H. T.)**—Bright, satiny, pink with silver reflex. A free bloomer. An old stand-by.

## CLIMBING ROSES

- CLIMBING AMERICAN BEAUTY**—Heavy, strong grower; hardy everywhere. Color rich red passing to orange. Price per each-----75
- CRIMSON RAMBLER**—A popular well known rose. Needs no description. Each -----50
- CLIMBING SUNBURST**—A strong vigorous grower The flower is the same as on the bush form. Each -----75
- These three climbing roses are good ones.

## FLOWER BULBS

### PEONIES

- FESTIVA MAXIMA**—The finest white variety. Flowers are large and beautiful. Pure white with occasionally a small spot of red in center. Strong roots. Price Each 10 100  
 ----- .50 4.00

### DAHLIAS

- WM. AGNEW**—A deep red extra fine, profuse bloomer ----- .10 .75
- KRIEMHILDE**—A pink cactus variety that blooms late. Is a peculiar shaped flower and a pretty one. Attracts attention wherever shown. price----- .10 .75
- C. W. BRUTON**—A strong growing variety with large yellow flowers. A late bloomer ----- .15 1.00
- FLORA DORA**—A very deep dark red cactus variety—a profuse bloomer. This Dahlia won First Premium on best cactus variety at Missouri State Fair 1922 ----- .15 1.00
- SPECIAL**—Your selection 12 for----- \$1.00

### GLADIOLUS

This is an easy flower to grow and a beautiful one—nothing finer for cut flowers.

- AMERICA**—The finest of all gladiolus. Large white and pink flowers ----- .10 .75 5.00
- BRENCHLEYNSIS**—Bright, scarlet red ----- .10 .60
- Gladiolus mixed, all colors**----- .10 .50 4.00

(Note:—Won first premium on vase of 25 spikes of America at Missouri State Fair 1921 over exhibits by florists from St. Louis, Kansas City and other places.)

## CANNAS

Brighten up your home grounds this year with a bed of cannas. They are growing in popularity each year. To get best effect do not mix varieties; plant each color to itself. All dormant roots. Varieties offered are the very best in their class.

	Price per Each	10
<b>KING HUMBERT</b> —Bronze foilage grows three to four feet high. Is a free bloomer and produces large red flowers. -----	.10	.75
<b>YELLOW HUMBERT</b> —A sport from King Humbert green foilage; is a continual bloomer of the finest yellow flowers. When you have this variety you need no other yellow for it is the whole show -----	.15	1.00
<b>LOUISIANA</b> —Has green foilage; grows 4 to 6 feet high. Is a continual bloomer till frost of very large bright red flowers that make a fine display--	.10	.75
<b>SPECIAL ASSORTMENT</b> —12 bulbs for-----	\$1.00	

## ORNAMENTAL SHRUBS

To my list I have added a few ornamental shrubs of the best varieties.

<b>SPIREA ANTHONY WATERER</b> —A dwarf growing variety and a continual bloomer all summer and fall of very small delicate flowers. Price each-----	.50	
<b>SPIREA VAN HOUTI</b> or (Bridal Wreath) This is the finest of all spireas. Price 3 to 4 ft. each -----	.50	4.00
<b>WIGELIA, EVA RATHKE</b> —Flowers brilliant crimson. Blooms all summer. The best of all the Wigelais. Each -----	.75	
<b>HYDRANGEA ARBORASCENS</b> (or Hills of Snow) A free bloomer that lasts a long time. (A native Ohio shrub) Price each 2 to 3 ft. -----	.75	
<b>HYDRANGEA PANICULATA</b> —Produces very large flowers late in summer. 2 to 3 ft. Each-----	.75	5.00
<b>BARBERRY THUNBERGI</b> —This is a beautiful shrub either planted single or as a hedge foilage. Hangs on all winter and changes to a red color. Strong plants, 4 year olds. Bears red berries. Each -----	.50	4.00

## FRUIT TREES

**GRIMES GOLDEN APPLE**—I year budded trees. Straight whips, no side branches. Budded trees are better than grafted ones, they live longer.

4 foot trees ----- 40c each  
 3 foot trees ----- 30c each  
 2 to 3 foot trees ----- 20c each

**EARLY RICHMOND CHERRY**—1 year trees strictly first-class stock, 3 to 4 foot-- \$1.00 each.

**CHENANGO STRAWBERRY**—1 year budded, same grades and prices as for the Grimes.

Note:—These were grown for my own planting but I have decided not to plant. They are first class stock.

# TESTIMONIALS

Department of Penal Institutions

Jefferson City, Mo., 8-30-22

Dear Mr. Jenkins: The strawberry plants which you sent us this spring were as thrifty and fine as I ever saw. Notwithstanding this fact we lost quite a lot of them.

Very respectfully yours,  
A. G. Blakey, Com.

(Note:—Col. Blakey bought for the Penal Institutions as follows: 6000 for Girls School, Chillicothe. 5000 for Colored Girls School at Tipton. 12,000 for Penitentiary, Jefferson City. Continuous rains prevented delivery and planting till it was so late the plants got too large.)

Rock Port, Mo. 1-13-23

H. W. Jenkins,

Dear Sir:—The strawberry, raspberry, blackberry, grapes and asparagus that I ordered from you came O. K. and they were the strongest, freshest looking plants I ever got. I think the freshness of the plants was due to careful packing. Now I am not trying to give you any exaggerated puff for the plants, especially the strawberries were just fine, yet I only got 107 to live out of 200 and I can see no reason why.

Truly yours,  
Geo. H. Sly.

(Note:—The reason, plants too large and too much rain. My own planting got a very poor stand. Planted too late.

Boonville, Mo., Dec. 11, 1922

Mr. H. W. Jenkins,

Dear Sir:—As chairman of the City Beautification Committee, I want to thank you and your good wife for the great help you have been to us in our work. You have been more than kind, you have been wonderfully generous both in giving your time and in letting us have plants so cheap, and such fine plants. I assure you it is much appreciated.

Sincerely,  
Sadie H. Chilton.

St. Louis, Mo. 3-30-22

Dear Mr. Jenkins:

Plants arrived O. K. and in good condition. Have heeled them in to wait for better weather. Kindest regards.

Geo. F. Jordan.

Curryville, Mo., 4-17-22.

H. W. Jenkins,

Dear Sir:—Was very much surprised to receive the bulbs and roses in less than a week after order was mailed but more surprised at the quality of them. The rose was the finest specimen I ever bought from anyone and the bulbs larger than expected.

Yours truly,  
Mrs. G. E. Horton.

Boonville, Mo., Jan. 23, 1922

To Whom It May Concern:

Having had business relations with Mr. H. W. Jenkins for many years, we consider him responsible for any contracts that he may enter into.

Very truly,  
B. M. LESTER, Pres.  
Boonville National Bank.

---

**Do You Know,** the way to find out whether these testimonials are genuine or not is to write these parties enclosing stamp for reply.
